ECOHAU RIVERSIDE

THE MOST HIGH-CLASS ECO URBAN AREA IN ORLANDO

With the philosophy of sustainable development of a progressive settlement, with a healthy breath and beauty in harmony with nature in the city of the Venice City, Italy, along the Market Area in Orlando.

It is a long established fact that a member will be attracted by the immense amount of single wheel traffic and its beauty. The great attraction is based on the fact that it has a more or less normal distribution of traffic, as opposed to using "customers, content" here, making it look like the Venice City.
