WHY We Deliver

We partner with organizations of all sizes, across industries, who seek consulting and training support to ensure compliance with the EU AI Act. From startups to established enterprises, our services are tailored to meet the unique needs of each client.

Our Services

1

Pre-Audit Consulting for EU AI Act Compliance

Empower your organization with the knowledge and resources to understand the EU AI Act's requirements. Our experts provide tailored guidance and support to ensure your organization is prepared for the audit process.

2

AI Governance Frameworks, Policy, and Regulation

Develop the necessary governance structures and policies to ensure your organization's AI systems are compliant with the EU AI Act. Our experts provide tailored guidance and support to ensure your organization is prepared for the audit process.

3

Ethical AI Strategy Development

Develop a clear and actionable ethical AI strategy that aligns with your organization's mission and values. Our experts provide tailored guidance and support to ensure your organization is prepared for the audit process.

4

Proactive Risk Assessment for EU AI Act Compliance

Identify and assess potential risks associated with your AI systems before they become a problem. Our experts provide tailored guidance and support to ensure your organization is prepared for the audit process.

5

International Audits and Assessment for AI Ethics Compliance

Ensure your organization's AI systems are compliant with international standards and regulations. Our experts provide tailored guidance and support to ensure your organization is prepared for the audit process.

6

GDPR Compliance Audits for AI

Ensure your organization's AI systems are compliant with the General Data Protection Regulation (GDPR). Our experts provide tailored guidance and support to ensure your organization is prepared for the audit process.

7

Ethical Data Quality Audit

Ensure your organization's AI systems are compliant with ethical data quality standards. Our experts provide tailored guidance and support to ensure your organization is prepared for the audit process.
