## Advantage Bennett University

The Times Group established Bennett University in 2016 with a vision to provide quality education and establish itself as one of the best private universities in India to impart interdisciplinary education. It was established by the Act of the State Legislature of Uttar Pradesh as a private university.

The six schools with 30+ programs and 70+ leading specialisations in Engineering, Management, Media, Law and Liberal Arts have positioned it as one of the top universities in India. This has made it a sought-after destination for fortune companies and leading corporates in a short period, picking talents with prominent placement records.

The serene 68-acre campus is extremely popular among the students as the university encourages '*fun learning*' and '*life outside the classroom*' with a vision of innovation.

## Rankings & Laurels

Rankings and laurels of the university are intrinsic to the educational excellence. Bennett University is always regarded as a best colleges in India for mass communication due to Times Group connect and media legacy over the decades. Being a multi-disciplinary university, Bennett University's B.Tech placements have earned prominence due to academic excellence, robust research and industry connect. Bennett University's MBA placement in the School of Management also presented their best foot forward making students' lives redefined.
