Cover Letter	<p>For the past decade, I have been actively engaged in various UI development projects for web applications. Recently, I have been collaborating with software engineers and UX designers to construct innovative and responsive websites.</p> <p>I am highly interested in applying for the Web / WordPress / UI Developer position. As you will see from my resume, I have developed a broad spectrum of custom websites, all of which have significantly enhanced the user experience. This has bolstered my knowledge and responsibilities as a Web Developer, and I am committed to providing top-notch service and dedicated to achieving 100% customer satisfaction for US customers and clients as a Freelance Web/WordPress Developer.</p> <p>I am well-versed in the requirements and duties of this role and would love to bring my skills and expertise to your organization.</p> <p>I would be grateful for the opportunity to discuss this position and my qualifications with you further over a personal interview.</p> <p>Please contact me at your convenience. I am looking forward to hearing from you soon.</p>	
Technical Skills	<p>Create Wireframes according to the client's requirements. Create prototypes using XD according to wireframes. Can do all design-related tasks included in Print Media / Electronic Media. Can Create Web Design according to trends and standards. Convert PSD to HTML CSS, SCSS/LESS Implement Ready Made Templates or Self Made Templates to Codeigniter-developed WordPress, WooCommerce, and custom websites. Can handle Angular FrontEnd Templates with Devs Graphic Design / UI Design & UI Development Web Development (HTML5, CSS3, SCSS, Bootstrap, UIK-Framework). CMS PLATFORMS (WORDPRESS, WOOCOMMERCE, CODEIGNITER & CUSTOM) ANALYTICS WEBMASTER TOOLS Version Controlling Systems DATA ENTRY DOCUMENTATION RESEARCH & PLANNING PROJECT MANAGEMENT & MAINTENANCE</p> <p>Natural Skills Management, Lead a Team, Team Player, Supportive, Handle Pressure, Project Management, Technical Support, Communication</p>
